

Learning Values

As well as promoting the basics of Reading, Writing, maths and other curriculum areas we feel very strongly that children should develop the ability to be good at learning and be equipped for the future world beyond school. To this end we have agreed as staff a set of learning values that we promote with the children. You will find these displayed on the doors in the hall as well as in the classrooms.

The learning values are promoted through assemblies and in the interactions adults have with children. We hope that as your child moves through their time with us that they will be able to talk confidently about and display these values.

Our learning values are:-

- To be responsible citizens
- To be confident individuals
- To be good communicators
- To have the resilience to succeed
- To have enquiring minds
- To know how to work both independently and as a team
