## 1. Introduction

In general, school activities will be provided free of charge, unless they fall into the categories set out in this policy document. This policy applies only to those charges levied by the School or Governors.

## 2. Voluntary Contributions

A voluntary contribution will be sought for activities taking place during school time and which relate to the National Curriculum.

### 2.1 Visits and visitors

#### a) School visits

We invite voluntary contributions to cover the cost of public transport and entrance fees. The cost per child is calculated on the basis of the number of children participating and the attendance of voluntary helpers and staff.

#### b) School Visitors

We invite voluntary contributions to cover the cost of visitors who are invited to perform and enhance the National Curriculum and who charge a fee. Prior to such an activity a letter requesting a contribution to a predetermined sum will be sent to the children's parent or guardian, outlining the following:

- the nature of the activity and its likely value in educational terms;
- the contribution per pupil which would be required if the activity were to take place;
- emphasis that there is no obligation to contribute and that no pupil would be excluded from the activity because their parents were unwilling or unable to contribute; but for some activities, parents/guardians may be advised that, in the event of insufficient contributions being forthcoming, that activity would have to be cancelled.
